Product Description

The Wahoo automatic pool cleaner provides you with an affordable and very dependable way to clean your above ground pool. The Wahoo is an efficient and thorough cleaner that will remove debris, dirt, bugs, leaves, pebbles and twigs from your pool. Engineered to work quietly and efficiently, you will not hear the annoying flapping noises that similar cleaners make. The Wahoo comes pre-assembled in the box, simply attach the hoses with no extra tools needed. The Hyper Disc is designed to let the Wahoo effortlessly clean along steps and up the sides of your above ground pool.
